**Telephone**

07939 280601

### Executive Summary

This report provides an update on the performance within the Revenues and Benefits functions of Finance as at 31 December 2023.

Key points to note include:

- As at 31 December 2023, 81.81% of Council Tax due for 2023/24 had been collected. This is a reduction of 1.29% for the same period last financial year linked to the Cost of Living award of £150 received by many households during 2022/23.
- Non-Domestic Rates collection has shown a year-on-year decrease from 68.80% to 31 December 2022 to 64.26% to 31 December 2023.
- The service continues to meet statutory timescales for administering benefits applications and changes of circumstance.

### Recommendations

It is recommended that the Finance and Resources Committee:

- (1) Approve the continuation of the existing Non-Domestic Rates Empty Property Relief Policy as set out in paragraph 2.7.
- (2) Acknowledge the content of the report.

### The Plan for North Lanarkshire

Priority	Improve North Lanarkshire's resource base
Ambition statement	(21) Continue to identify and access opportunities to leverage additional resources to support our ambitions
Programme of Work	Statutory / corporate / service requirement

## 1. Background

- 1.1 The Finance service is responsible for the administration and collection of all local taxation in North Lanarkshire in the form of Council Tax and Non Domestic Rates.
- 1.2 In addition, the service administers a number of Benefits for residents of North Lanarkshire including Housing Benefit, Council Tax Reduction, Scottish Welfare Fund, Discretionary Housing Payment, Free School Meals and Clothing Grants.

---

## 2. Report

### Council Tax

- 2.1 The graph below shows the cash collected at 31 December for each financial year. It is worth noting that cash is allocated to specific Council Tax years so the graph represents cash received against the initial billing year (i.e. billed and received in 2023/24) and does not include cash collected in subsequent years (i.e. billed in 2022/23 but received in 2023/24). This ensures a like for like comparison.

- 2.2 The collection figure for the current financial year of 81.81% is 1.29% lower than the same period last financial year. However, the prior year collection figure benefits from the impact of the Scottish Government's Cost of Living Award of £150 for eligible households with total cash received of £18.6m improving the in-year collection figure.
- 2.3 It should be noted that in-year collection of Council Tax is a Statutory Performance Indicator. However, it does not reflect the overall collection rate of Council Tax which includes collection of prior year arrears. This latter measure has a greater bearing on the Council's finances and is reflected in the regular budget monitoring reports to Committee.

## Non-Domestic Rates

2.4 The following graph shows the cash collected at 31 December for each financial year:

- 2.5 The collection figure for 2023/24 at 31 December is 64.26%; 4.54% lower than the same period last financial year. This reduction is largely down to two factors. Firstly, the later than normal internal payment of North Lanarkshire Council non-domestic rates charges as Council services review eligibility for relevant rates reliefs. Secondly, the impact of the revaluation at 1 April 2023 has increased the number of accounts under review with the Assessor and delayed payment from many businesses while their reviews conclude.
- 2.6 The Finance and Resources Committee approved North Lanarkshire Council's policy on Empty Property Relief following the devolution of this relief to local government from 1 April 2023. That policy expires on 31 March 2024.
- 2.7 The previous report to Committee highlighted the intention to develop a revised policy with effect from 1 April 2024. However, given the continuing cost of living challenges including inflationary pressures on cost of materials, labour, utilities and the continuing impact of the property revaluation from 1 April 2023 it is proposed that the current policy is extended to 31 March 2025 to ensure a degree of stability while some of these inflationary pressures persist.

## Housing Benefits

- 2.8 The data below highlights the Statutory Performance Indicators measuring the speed of processing for new Housing Benefit claims and for changes in circumstances. The table shows the cumulative figures for the year to 31 December 2023. The Scottish average comparator is based on the latest information published by DWP at Q4 2022/23.

Days to Process	2022/23	2023/24	Latest available Scottish average
New Claims	15	15	19
Change of Circumstances	8	8	3

- 2.9 The service continues to perform well in the speed of processing for new claims compared to the most recent Scottish average. The service also continues to meet statutory requirements for the speed of processing changes of circumstance. Performance so far in the current financial year has been affected by both increasing demand and a number of staff vacancies. To further improve efficiency the service is progressing a number of digital related improvements such as development of the Landlord Portal and robotic process automation for a number of high-volume tasks. The Landlord Portal has gone live recently; therefore, it is anticipated that this action will see an improvement in the handling of correspondence received direct from landlords

### **Council Tax Reduction Scheme**

- 2.10 As at 31 December 2023 a total of £26.036m in Council Tax Reduction has been awarded for the 2023/24 financial year. This compares to £24.544m to the same period during 2022/23, representing an increase of £1.492m (6.08%).
- 2.11 The service received 5,653 applications between 1 April and 31 December 2023 compared with 5,119 during the same period during 2022/23, representing an increase on 10.4%
- 2.12 The service received an increased number of notifications for changes in circumstances. From 1 April to 31 December 2023 a total of 81,561 changes were processed compared to 60,618 during the same period in 2022/23; an increase of 34.55% albeit below historical levels.

### **Discretionary Housing Payments (DHP)**

- 2.13 From 1 April 2017 funding for DHP has been devolved to Scottish Government. This funding supports both the Scottish Government's commitment to fully fund the implications of the Bedroom Tax and an additional sum available for other reasons such as the Benefit cap and the restrictions on Local Housing Allowance rates.
- 2.14 From 1 January 2023 the Scottish Government is fully funding the implications of mitigating the benefit cap. This was announced as part of the tackling child poverty delivery plan 'Best Start, Bright Futures' in March 2022. Local authority Leaders have agreed to fuller benefit cap mitigation through the DHP scheme from 1st January 2023. For 2023/24 the Scottish Government has provided funding of £0.301m to mitigate the benefit cap. As at 31 December 2023 the amount paid and committed in respect of the benefit cap was £0.101m (33.47%).
- 2.15 As at 31 December 2023 the total paid in respect of Bedroom Tax was £5.715m. In comparison this sum was £5.232m as at the same point in 2022.
- 2.16 In addition the Council also receives £0.467m in respect of non-bedroom tax related issues. A further £0.122m has been carried forward from the previous financial year and an additional £0.109m has been received for 2023/24 bringing the total budget for the current financial year to £0.698m. As at 31 December 2023 £0.393m (56%) has been paid or committed from the fund.
- 2.17 The Service will continue to liaise with colleagues in Housing Management and Housing Associations to encourage applications to the fund.

## Scottish Welfare Fund

- 2.18 The Council has administered the Scottish Government's Scottish Welfare Fund (SWF) since 1 April 2016.
- 2.19 The Scottish Government provides an annual award budget of £2.760m to North Lanarkshire Council. A further £1.518m one-off funding has been allocated following a decision of the Wellbeing and Tackling Poverty Committee on 5 May 2023. Therefore, the total award budget for 2023/24 is £4.278m. It is hoped that this additional one-off allocation will allow the fund to remain at Medium priority level for much of 2023/24 but this will be kept under continual review.
- 2.20 There are two grant schemes and their relative performance during 2023/24 and prior year comparison is as follows:

### 2023/24

	Applications Assessed	Awards	Unsuccessful Applications	Acceptance Rate
Crisis Grants	15,020	11,285	3,735	75.1%
Community Care Grants	4,179	3,416	763	81.7%
<b>Total</b>	<b>19,199</b>	<b>14,701</b>	<b>4,498</b>	<b>76.6%</b>

### 2022/23

	Applications Assessed	Awards	Unsuccessful Applications	Acceptance Rate
Crisis Grants	14,054	10,617	3,437	75.5%
Community Care Grants	3,752	2,886	866	76.9%
<b>Total</b>	<b>17,806</b>	<b>13,504</b>	<b>4,303</b>	<b>75.8%</b>

- 2.21 As at 31 December 2023, the total financial value of grants paid from the Scottish Welfare Fund amounted to £3.960m which represents 92.6% of the total budget for the current financial year.
- 2.22 During 2023/24, the Scottish Welfare Fund has seen a significant increase in demand with an increase of 6.9% in Crisis applications assessed to 31 December in the current financial year compared to the previous financial year. Similarly, there has been an increase of 11.4% in the volume of Community Care Grant applications assessed over the same period.
- 2.23 The Service strives to assess applications within the timescales outlined within Scottish Government guidance. Throughout the period the service has continued to assess Crisis applications within the two working day time limit. However, Community Care Grants are not currently assessed within the fifteen working day limit recommended by the Scottish Government as a result of increasing volumes of demand across both Crisis and Community Care Grants. The service prioritises resources to ensure Crisis Grant applications are assessed timeously. The service has put in additional measures, including transferring staff from other service areas, to improve assessment timescales.

---

## 3. Measures of success

- 3.1 Continuous improvement in processing and collection rates.
